

### **Classic One-Piece Sissy Bars for Late Model Sportsters (1996-2003)**

Call it a sissy bar, back rest or chick stick, these Burly one-piece units feature round tubes, complex mounts and comfortable backrests for a simple, classic look that mounts up in 10-15 minutes.

Burly is building their Sissy Bar in a short and tall version that includes a compact pad. The one-piece sissy bar mounts to the outside of fender rails for simple install and removal and like all our product Burly includes the hardware to do it right. Now offered for 1996-2003 and 2004+ Sportster applications with others on the way.
