

MX Style Floorboards

NEW FOR 2016! Based off the aesthetic of our original MX-Style pegs, Burly Brand now offers MX-Style Floorboards for HD Touring models! They are made of steel with just the right amount of serration to keep your feet planted. TIG welded for strength and powder coated Satin Black to blend nicely with your bike. The rider boards bolt right on 1984-2017 FL Touring models, 1984-2015 FLST/FLS and 2012-2017 FLD models. The matching passenger floorboards fit 1993-2017 FLH/T models with stock passenger floorboard mounts.

Check out the Burly Brand website or contact your local dealer to get yours today!
